Special chapter price! Take advantage
of this great opportunity to invest in
your education and career.

Mastering 2023 E/M Coding & Guidelines

CHCS is coming to Orange / Irvine!

2023 E/M - How's It Going?

Do you have questions on the MDM Table, definitions, and how everything works together? This workshop will cover all E/M sections with comprehension checks throughout to cement your understanding of the concepts. We'll also play an E/M coding game designed by CHCS to help make sure you have it down! Each attendee will receive a workbook and coding tool to use in the workshop and beyond.

After this workshop, attendees will be able to:

Apply the 2023 E/M definitions and guidelines in CPT to the medical record.

Utilize the revised 2023 Medical Decision Making (MDM) Table in CPT to review E/M services.

Demonstrate to physicians and other providers proper documentation that supports the level of services reported.

Health Care Consultant | Educator | Speaker | Author

Betty A. Hovey, BSHAM, CCS-P, CDIP, CPC, COC, CPMA, CPCD, CPB, CPC-I

Your instructor, Betty Hovey, has been in health care for over 30 years, educating coding professionals, auditors, physicians, APPs, payors, and more on Evaluation and Management and has performed audits for practices, payors, and the government. Betty has a welcoming way of instructing and interacting with attendees that will make the workshop entertaining and fun while giving high-quality education with great resource materials.
